SYED AHMAD ALI NAQVI

Unreal Engine Developer · 3D Generalist · Real-Time Visualisation

Islamabad, Pakistan · syedahmadali1610@gmail.com · linkedin.com/in/syed-ahmad-ali-615151337

PROFESSIONAL PROFILE

Unreal Engine 5 developer and 3D generalist with demonstrated experience producing photorealistic real-time environments — from intimate interior archviz to expansive outdoor landscapes. Currently pursuing a BS in Computer Games Development at Air University, Islamabad, with a focused skill set in UE5's Lumen/Nanite pipeline, material authoring, cinematic lighting, and the full Blender-to-Unreal asset workflow along with assets import from marketplaces. Eager to contribute to broadcast and virtual production contexts where real-time rendering quality directly impacts audience experience.

EDUCATION

BS Computer Games Development — Air University, Islamabad

2023 – Present (4th Semester)

- Core coursework: Real-Time Rendering, 3D Modelling & Animation, Game Engine Architecture, AI for Games, Data Structures
- Consistent focus on applied UE5 production through personal and society-led projects

PROJECTS — PORTFOLIO AT LINKEDIN

Modern Kitchen Interior | Unreal Engine 5 | Archviz

- Produced a photorealistic kitchen environment leveraging UE5's Lumen global illumination system for fully dynamic, bounce-lit interior light
- Authored custom PBR materials for surface types including ceramic, brushed steel, lacquered wood, and transparent glass
- Optimised scene for real-time playback without sacrificing visual fidelity, demonstrating broadcast-ready render quality
- Link for the Project

Luxury Apartment Interior | Unreal Engine 5 | Archviz

- Developed a high-end apartment visualisation with layered cinematic lighting and hero-asset detail across furniture and materials
- Designed a walkthrough camera sequence using UE5 Sequencer to showcase the space as a broadcast-style flythrough
- Managed full asset pipeline: Blender modelling → UV unwrapping → texture baking → UE5 import and material setup
- Luxury Apartment Interior

Lagoon Scene | Unreal Engine 5 | Environmental Design

- Built an expansive outdoor environment featuring dynamic water simulation, volumetric atmospheric fog, and sky/sun system
- Leveraged UE5 landscape and procedural foliage tools to construct a believable, large-scale natural ecosystem
- Demonstrated strong command of mood-driven lighting and environmental storytelling — directly applicable to virtual set design
- The Lagoon

Medieval Valley Target Shooting Game | Unreal Engine 5 | Blueprint Gameplay

- Designed and delivered a fully playable shooting game featuring a hand-crafted medieval valley environment
- Implemented core gameplay systems via Blueprints: target spawning logic, score tracking, timers, and game state management
- Maintained visual and tonal coherence between environment art direction and gameplay interaction design
  Medieval Valley Themed Game

All projects with screenshots and walkthroughs available on LinkedIn: linkedin.com/in/syed-ahmad-ali-615151337

TECHNICAL SKILLS

Real-Time Engine
Unreal Engine 5 — Lumen, Nanite, Blueprints, Sequencer

Rendering
PBR Materials, Lighting Design, Post-Processing, Glass Shaders

3D Software
Blender — Modelling, UV Unwrapping, Texture Baking, Cloth & Fluid Sim

Pipeline
Blender-to-Unreal Asset Workflow, Material Baking, FBX Export

Programming
Python, x86 MASM Assembly, HTML / CSS / JavaScript

Soft Skills
Creative Direction, Visual Storytelling, Team Leadership

LEADERSHIP & EXTRACURRICULARS

Gameplay Head — Air University Games Society, Islamabad
2024 – Present

- Lead gameplay design direction and coordinate student-driven game development projects across the society
- Mentor junior students on Unreal Engine workflows, Blueprint scripting, and game production pipelines

Organise workshops, game jams, and peer learning sessions; represent the society at university-level events

Literary President — GCU Lahore
2021 – 2023

- Led the hostel literary society, curating academic and creative events for a residential student body
-

Head Boy & Literary Secretary — FG Public School, Bahawalpur
2019 – 2021

- Elected Head Boy — responsible for student discipline, institutional representation, and event management
- Organised inter-school literary competitions, debates, and creative showcases as Literary Secretary

LANGUAGE PROFICIENCY

English Professional Working Proficiency — Duolingo English Test Score: **135 / 160** | **Urdu** Native
